OAKLAND GAS, LIGHT AND HEAT CO.

N. W. COR. THIRTEENTH AND CLAY STS.

OAKLAND, CAL., December 1st, 1896.

TO THE PUBLIC:

We want to interest you in the matter of Gas Stoves. We can sell you a stove which will do all your cooking, for a less sum than you can buy either a wood or a coal stove, and the price of gas will make it cost you less per month than any other fuel you can buy.

You must have heard of the stoves from your neighbors for more than 1000 are in use in this territory.

They boil, roast, broil and fry. They don't heat the kitchen. They are clean.

If you use 1000 feet a month you get gas at \$1.75 per thousand. We sell a stove for \$12.00 placed in your house, and you are instructed in its care and management. It don't cost you anything for all time to keep it in repair and condition, as we do that for you free of expense.

We have stoves with waterback attachments, and a variety of patterns of stoves ranging in price from \$12.00 upwards.

We trust that you will find time to call and investigate the conveniences and advantages attending the use of gas for fuel. Heating stoves of all kinds from \$1.50 upward.

Yours very respectfully,

JOHN A. BRITTON, Secretary.

THE NEW POLICY OF THE 

Mutual Benefit Life Insurance Company

IS UNEQUALED IN ITS
ADVANTAGES TO THE

 **POLICY HOLDER,**

**WHICH ARE NOT COMBINED IN THE POLICIES
OF ANY OTHER COMPANY.**

Large Annual Dividends, which may be used in Cash Reduction of Premiums, or applied to the purchase of paid-up participating Insurance payable with the Policy.

Equitable Surrender Values which are indorsed on the Policy, so that the insured can stop paying Premiums without loss by forfeiture.

1. **A Liberal Cash Surrender Value.**
2. **Extended Insurance** in the full amount of the Policy for as long a period as the value of the Policy will pay for at low term rates.
3. **A Paid-up Policy** for a reduced amount payable whenever death occurs.

Cash Loans are made up to the **Cash Surrender Value** when a satisfactory assignment of the Policy is made as collateral security. The Insured may thus prevent the lapse of the Policy if he happens to be short of funds; or he may secure a cash loan to meet any sudden emergency.

If the insured forgets to pay a Premium on the day it is due, his insurance is continued in force by the Company **without action on his part**. If he is well, he has three years' time in which to revive the Policy by payment of arrears of Premiums with interest; while if he is sick, or unable to pay the Premium, he is protected by his Extended Insurance.

See example of a lapsed Policy extended and paid in full in Alameda, Cal., on 7th page of this Circular.

Policies are Incontestable after the Second Year.

Example of Lapsed Policies Paid in Full.

Policy No. 17,235, on the life of Dr. Edward P. Gaylord of Alameda, Cal., was issued in 1862, at age 28, for \$2,250, with an annual premium of \$50.40. He paid 27 premiums, amounting to \$1,360.80, which, less dividends, \$556.61, and premium loan of \$123.79 (canceled), made a net payment or cost of \$680.40, exclusive of interest. He did not pay the premium due in May, 1889; but instead of taking a paid-up policy for \$1,071, he allowed his insurance to be extended for 12 years and 87 days, making in all 39 years and 87 days' insurance at an average yearly cost of only \$7.71 per thousand.

Dr. Gaylord died in September, 1895, more than 6 years after the lapse of the policy, which, however, was promptly paid in full by the Company.
